YouDrop icon yellow S

For casual riding fun

A helmet you can rely on: The YouDrop protects children and young people on adventurous trails and on every ride in everyday life.

The modern and stable design is reminiscent of mountain bike helmets also worn by MTB icons like Gabriel Wibmer. Whether on the way to school, in the skate park or on a tour with friends, the professional style looks cool and protects without compromise. A reflector, the visor with break-away function and sophisticated ventilation ensure a unique riding experience. To ensure that the YouDrop fits perfectly, young bikers can easily adjust it to their head circumference using the easy-grip wheel at the back of the head. This will help them master their next trail with confidence!

Technologies

- In-Mould for a permanent bond between the outer shell and the shock-absorbing helmet material (EPS)
- Excellent ventilation with 6 air inlets and 5 air outlets connected by flow channels
- Zoom Ace MTB: finely adjustable, height-adjustable adjustment system for fitting to head size
- Helmet fits well on ponytail wearers - height-adjustable adjustment system at the back of the head creates space for ponytails
- Better visibility due to reflector with retro-reflective effect
- Detachable visor on the front edge
- Visor is held in place by hook and loop fastener so that in the event of a fall, the visor flies off and the neck is better protected on impact
- Removable and hand-washable padding provides maximum comfort for the wearer
