

## Backpack Power Kit Value

Functional notebook backpack with power bank

**The notebook backpack and power bank set is ideal for anyone who frequently spends long periods on the move. This lockable backpack with high-density foam padding will transport your notebook safely from A to B, and with the handy spare power pack, you won't run out of energy even when you're away for several days.**

Notebooks up to 15.6" can be stored safely in the main compartment, while padding and an elastic Velcro fastening ensure that they are held really securely. For tablets up to 10", an additional pocket has been included inside the backpack. Mobile phones, power banks and other accessories are stored in the front pocket. This pocket's functional compartments ensure you can always find what you're looking for quickly when you're out and about. Water bottles and umbrellas can be stored in the side pockets, saving space inside the backpack. The breathable padding on the back and the adjustable shoulder straps offer added comfort. Charge up your mobile devices the easy way when you're out and about. The 2600mAh power bank has an impressively handy format and compact design. This spare power pack is compatible with all common smartphones and tablets, and after use it can be recharged easily using the micro USB cable included (≥ 500 charges).

\* smartphone is not included"
