## InLine® OTG Dual Card Reader for SD and microSD for Android und PC

Artikel 66779

This Card Reader for SD and microSD cards to be used with both, an Android device and the PC. The compact design makes it an ideal companion for traveling. USB OTG is a specification that allows USB devices such as a tablet or smartphone to act as a host and store data directly to memory cards. (Without PC)

- Micro USB for Android
- USB connector for PC
- Support high-capacity SDXC, micro SDXC memory card (up to 128GB)
- Support SD v3.0 UHS-I specification, with transfer speeds up to 104 Mbps/s
- Can be used on Android smartphones & tablets with OTG function
- LED indicators provide read and write status
- Support Windows XP and newer, Mac OS X 10.4.5 and newer, Linux 2.4, Android 2.3 and newer with OTG
- The micro USB port of the smartphone or tablet device must act as host
- USB OTG only supports FAT32 (NTFS is not supported)

### InLine® – Brand of Choice for IT and Electronics Accessories

In our InLine® brand, we offer a high-quality product range targeted specifically at end users. Our product range includes more than 4,000 IT and electronics accessory products which are described in detail on our website. With this brand we provide certified quality and an attractive product range of cutting edge items that is always up-to-date and offers huge variety. Browse through our broad choice of products, and you'll be certain to find exactly what you need, all available in stock. Don't forget to look closer at our woodline product range by InLine® made from genuine walnut wood; these products do not merely look good, but are also great to touch and handle. Our brand's products are recognizable by their uniform green-white packaging and can be purchased in good online shops and selected specialized brick-and-mortar shops – check our website to find suitable purchase sources. With our InLine® brand you may rely upon excellent service including detailed product information, up-to-date drivers, and competent consultation straight from the manufacturer via Live Support.
