- Add Hue Bridge to unlock more

8719514343061

Easy smart lighting

The larger version of the elongated Edison-style filament bulb, this ST72 bulb features Bluetooth capability, a coiled filament, and elegant amber coating for a modern take on a vintage design.

Easy smart lighting

- Control up to 10 lights with the Bluetooth app
- Control lights with your voice*
- Set the right mood with soft white light
- Unlock full suite of smart light features with Hue Bridge

Limitless possibilities

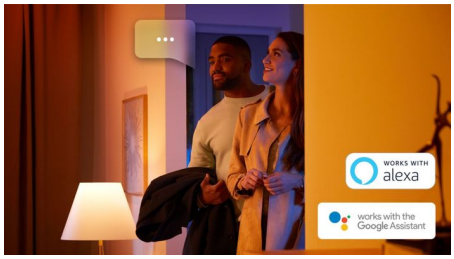
- Vintage design meets modern capabilities

Kenmerken

Control up to 10 lights BT

With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

Control lights with your voice



Get hands-free control of your lights and use your voice instead! Simple voice commands allow you to control multiple lights in a room or just a single lamp. *Works with the Google Assistant and Amazon Alexa.

Set the right mood with light

Hue bulbs and light fixturesuse a soft white light. Dimmable from bright daylight to low nightlights, these smart lights allow you to fill your home with just the right level of warm light when you need it.

Unlock smart light features

Add a Hue Bridge (sold separately) to your smart lights to experience the full suite of Philips Hue features. With a Hue Bridge, you can add up to 50 smart lights to control throughout your home. Create routines to automate your entire smart home lighting setup. Control your lights while away from home or add accessories such as motion sensors and smart switches.

Vintage design meets modern

Capture the popular look of Edison bulbs, featuring a distinct glowing inner coil and transparent globe, with smart filament bulbs. These smart retro-style LED bulbs combine the look and feel of simple vintage design with the power of Philips Hue smart lighting.
