The Schmusebär (teddy bear) is a classic among children's backpacks. With just one buckle and draw cord, little children can easily access the main compartment. The reflective print also provides added protection for little ones on their way to and from nursery. Boys and girls can stash found objects and little treasures in the lid pocket or in the stretch side pockets. The Schmusebär comes in three colourful styles: blue, green or magenta, all with vivid designs. The height-adjustable chest strap keeps the shoulder straps in place no matter how energetic your child's adventures.
