Delock USB Stereo 2.0 Speaker with 3.5 mm stereo jack male and USB powered

Description

This pair of stereo speakers by Delock can be connected to a free 3.5 mm stereo jack female port to listen to music, for example.

Universal & mobile application
Due to the USB power support and the 3.5 mm stereo jack male connector, the speakers can be used universally. No external power supply is needed, as the power supply is USB powered. The speakers can therefore be used on the go with a laptop or at home with a PC, tablet or MP3 player.

Stereo sound
Despite their compact size, the speakers offer good sound quality.

Step less volume control
The speakers have a volume control on the back of the housing for individual and continuous volume adjustment.

Additional protection
The speaker membranes are protected by a fine metal grille and are protected from mechanical damage. In addition, the speakers have rubber feet on the bottom to prevent the table from being scratched.
