- **Wired Input:** 3.5 mm AUX.
- **Multi-Point:** Dual-device connection.
- **Comfort:** Memory foam ear pads, adjustable headband.
- **Best For:** Call centers, video conferencing, hybrid workplaces.
- **Color:** Black.

Description

The Conceptronic POLONA04B is a Bluetooth 5.3 stereo office headset built for phone calls, video conferencing, and chat across the longest workdays. The noise-cancelling microphone picks up your voice clearly while blocking background noise on every call.

The 270-degree rotatable boom mic adjusts to the perfect voice-capture angle, and a dedicated mute button silences with one press. Memory foam ear pads and an adjustable headband keep it comfortable through extended wear. A 3.5 mm AUX port adds an optional wired connection when Bluetooth isn't available.

40 hours of talk time or 44 hours of music playback on a single charge. Dual-device Bluetooth connection lets you stay paired with phone and PC at the same time, with full A2DP / AVRCP / HFP / HSP profile support. Ideal for call centers, hybrid offices, and home workspaces.

Additional Information

Model Number.	POLONA04B
Recharge time.	2±0.5 hours
Dimensions (W x D x H).	169.19 x 67.97 x 186.52 mm
