

HP TX1 POS Solution 200

Transform and grow your business

Run your business—from the counter to the back office—with the HP TX1 POS Solution 200, a tablet-based POS bundle that's quick to set up, easy to use, and includes the HP ElitePad 1000 Tablet PC, HP Tablet POS Stand, and HP ElitePad Connectivity and Smart AC Adapter to connect your USB accessories.

Flexible management

- Embrace tablet-based technology and get the flexibility to support both customer transactions and administrative tasks. At the end of the day, you can remove the tablet from the POS stand to work on back office and management activities.

Productivity that you need

- Enjoy Windows 8.1¹ support for familiar productivity applications and your choice of essential POS software² to help you to efficiently manage your business and make informed business decisions based on real-time data.

Plug-and-play connectivity

- Power your tablet and customize your POS for your business needs with the HP ElitePad Connectivity and Smart AC Adapter, which has an RJ-45 port for your network and four USB 3.0 ports for your POS accessories or payment device.²

World-class service, support, and security

- Be confident with a one-year limited warranty. Extend your protection up to five years with an optional HP Care Pack.³ Keep your business running smoothly with HP BIOS Protection's security features and malware and virus deterrents on the tablet.

Additional features

- Drive your transactions and business with the HP ElitePad 1000, a Windows 8.1 tablet PC¹ powered by Intel[®] that has a 25,65 cm (10.1") diagonal smudge-resistant Corning[®] Gorilla[®] Glass 3 touchscreen and 64 GB storage that's expandable to 2 TB.⁴
- Secure the tablet in the stand for easy interaction, and rotate to capture customer data. Use the magnetic base to place on a counter or on top of a cash drawer.² For more permanent placement, use the mounting holes and a Kensington lock.²

Datasheet

HP TX1 POS Solution 200

Messaging Footnotes

¹ Not all features are available in all editions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See <http://www.microsoft.com>.

² Sold separately.

³ Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit www.hp.com/go/cpc. HP Services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP Product.

⁴ For hard drives and SSDs, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30 GB is reserved for system recovery software.

Technical Specifications Footnotes

¹ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See <http://www.microsoft.com>.

² Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

³ For hard drives and SSDs, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30 GB is reserved for system recovery software.

⁴ 802.11 requires wireless access point and internet service. Availability of public wireless access points limited.

⁵ HD content required to view HD images.

⁶ Testing conducted by HP consisting of full battery discharge while running a series of productivity scripts against the following applications (which may or may not be included with your particular product): Adobe® AcrobatReader 7.0, Adobe® Illustrator® CS2, Adobe® Photoshop® CS2, Apple® Quicktime 7.1, Intervideo® WinDVD® 8, Macromedia® Flash 8, Microsoft® Office® 2003 Pro, Microsoft® Project 2003, and Winzip® 10.0. Prior to testing, the system was fully charged, display brightness was set at 60 nits, wireless was turned off, and auto dim, suspend, hibernate and all other programs, utilities, and services not essential to running the computer system or battery life test were disabled. Battery life will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality and power management settings. The maximum capacity of the battery will naturally decrease with time and usage.

⁷ NFC is shipped disabled. NFC is optional and application or software sold separately. Please note that only NFC standards compliant cards are supported.

⁸ HP ePrint requires an Internet connection to HP web-enabled printer. HP ePrint account registration required. For a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/businessmobileprinting.

⁹ EPEAT® registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.
