

GET STARTED

1. Connect the soundbar's USB cable to a free USB port on your PC, laptop or another power source and plug the audio input & headphone cable into your audio device.
2. A headphone/microphone can be used by plugging it into the headphone/microphone socket at the front of the soundbar. The microphone extension cable must be connected to your computer when using a microphone or headset.
3. Turn the soundbar on by rotating the volume control clockwise. Rotating the volume control counter-clockwise until a click can be heard will turn the soundbar off.

SAFETY INSTRUCTIONS

IMPORTANT SAFETY INSTRUCTIONS

 Please note that the failure to observe these instructions can cause product damage, explosion, fire and/or electric shocks!

• Only use the devices as indicated in the user guide. Do not open or repair them.

• Do not expose the devices to liquids, heat or cold.

• Do not use the devices in a damp environment. Clean the device with a dry cloth.

• Keep the devices and all loose parts away from children, pets and unauthorized persons.

• Only use the devices with the appropriate provided accessories/cables.

• Disconnect cables from the devices if they will not be used for a long time. When disconnecting the cables, don't pull on the cord but on the plug.

• Don't use the cables in any way other than mentioned in the user guide; don't bend, cut, extend, knot or step on them.

• Do not insert any foreign objects into the openings of the device.

• If the devices are damaged in any way or get too hot, stop using them immediately.

• Take caution when using devices that emit radio signals if you have a pacemaker or are dependent on other sensitive electronic life aids.

Túto informáciu uchovajte, prosím, pre budúce použitie.

• Do not insert any foreign objects into the openings of the device.

• If the devices are damaged in any way or get too hot, stop using them immediately.

• Take caution when using devices that emit radio signals if you have a pacemaker or are dependent on other sensitive electronic life aids.

Túto informáciu uchovajte, prosím, pre budúce použitie.

Safety instructions in further languages: www.speedlink.com.

 WEEE: Predajte ureda v punkt za recikliranje. Ne izhвърляйте в домакинската смет. Неpravилно съхранение/изхвърляне може да навреди на околната среда и/или здравето.

SAFETY INSTRUCTIONS

IMPORTANT SAFETY INSTRUCTIONS

 Please note that the failure to observe these instructions can cause product damage, explosion, fire and/or electric shocks!

• Only use the devices as indicated in the user guide. Do not open or repair them.

• Do not expose the devices to liquids, heat or cold.

• Do not use the devices in a damp environment. Clean the device with a dry cloth.

• Keep the devices and all loose parts away from children, pets and unauthorized persons.

• Only use the devices with the appropriate provided accessories/cables.

• Disconnect cables from the devices if they will not be used for a long time. When disconnecting the cables, don't pull on the cord but on the plug.

• Don't use the cables in any way other than mentioned in the user guide; don't bend, cut, extend, knot or step on them.

• Do not insert any foreign objects into the openings of the device.

• If the devices are damaged in any way or get too hot, stop using them immediately.

• Take caution when using devices that emit radio signals if you have a pacemaker or are dependent on other sensitive electronic life aids.
