

Silencio 550

RC-550-KKN1

Near silent operation yet ready for the most powerful hardware - the Cooler Master Silencio 550 is able to keep even high-end setups running cool and quiet. Sound-absorbing foam mats on the side panels help to greatly reduce system noise. Pure understatement – it's simplistic design with clean lines and a sleek mirror finish front panel are just as subtle as its noise footprint. The combination of elegance and silence, with the functionality of built in super speed USB 3.0, a multi card reader, and a 3.5" X-Dock HDD hotswap, make the Silencio 550 an ultra quiet powerhouse.

Features

- Elegant simplistic design with a mirror finish front panel
- Includes two whisper silent 120mm fans arranged for optimum airflow with support for a third 120mm fan.
- Front panel vents constantly take in fresh air
- Sound-absorbing foam mats equipped interior
- High performance I/O panel interface with USB 3.0 super speed and a memory card reader
- High-Speed smart phone and tablet charging (~1A)
- Supports up to 7 HDDs and one External SATA HDD dock
- Supports ultra long high-end graphics cards, including HD 7990 and GTX 690
