

SKILLER SGH40W

With the SKILLER SGH40W, Sharkoon's wireless headsets are making a powerful comeback! Thanks to dual mode with low-latency 2.4 GHz wireless or wired TRRS connection, the headset can be used flexibly wherever it is needed. At the same time, high-performing 53 mm drivers and hybrid ear pads offer a combination of impressive audio and long-lasting comfort. And, of course, a microphone with pop filter and ENC is also on board to ensure crystal-clear communication with the rest of the team.

Features

■ STABLE CONNECTION OPTIONS

Whether wirelessly via 2.4 GHz or classically via a TRRS cable – the SKILLER SGH40W is ready for any situation. Thanks to its powerful chipset, the 2.4 GHz connection is particularly stable and low-latency. For maximum compatibility, the headset also comes with an adapter cable for TRRS to 2x TRS.

■ POWERFULLY MIXED SOUND

The 53 mm drivers of the SKILLER SGH40W deliver a powerful audio that has been ideally optimized for games and voice chats with rich mids and deep bass.

■ COMFORT WITHOUT COMPROMISE

Thanks to the hybrid ear pads with breathable fabric and soft synthetic leather, the SKILLER SGH40W stays comfortable to wear even during hour-long gaming sessions.

■ DETACHABLE MICROPHONE WITH POP FILTER AND ENC

The omnidirectional microphone of the SKILLER SGH40W is equipped with a practical pop filter as well as ENC for clear voice transmission without annoying background noise. For mobile music enjoyment, the microphone can be easily removed.

■ MADE FOR LONG PERIODS OF USE

With a long battery life of up to 35 hours, the SKILLER SGH40W will reliably accompany you through long gaming sessions, streaming marathons, or for whole days in the office.

■ EASY CHARGING VIA USB CABLE

Should the battery ever run out of power, the USB charging cable supplied with the SKILLER SGH40W allows you to conveniently charge the headset on any standard PC.

Specifications

Product Name	SKILLER SGH40W
Type	Stereo Headset
Design	Circumaural
Connector	Wireless / TRRS
Wireless Communication	2.4 GHz
Max. Wireless Range	10 m
Frequency Range	2.400 - 2.480 GHz
EIRP Transmit Power	≤10 dBm
Operating Temperature	-10 to +40 °C
Weight without Cable	319 g

Headphone Specifications

Speaker Diameter	53 mm
Impedance	32 Ω ± 15 %
Frequency Response	20 – 20,000 Hz
Sensitivity	105 ± 3 dB @1 kHz
Max. Power	30 mW
Volume Control	✓

Microphone Specifications

Direction	Omnidirectional
Impedance	≤ 2.2 KΩ
Frequency Response	100 – 10,000 Hz
Sensitivity	-45 ± 3 dB @1 kHz
Detachable Microphone	✓
Flexible Microphone	✓
Microphone Mute	✓

Battery Properties

Type	Lithium-Ion
Capacity	1,500 mAh
Battery Life	Approx. 35 Hours
Recharge Options	Wired (USB)

Cables and Connectors

Total Cable Length USB-C to 1x 3.5 mm Stereo Plug (TRRS)	120 cm
Total Cable Length USB-C to 2x 3.5 mm Stereo Plug	120 cm + 15 cm
Total Cable Length USB-C to USB-A*	120 cm
Gold-Plated Connectors	✓
TRRS Pinout	CTIA

Compatibility

PCs/Notebooks	✓
Tablets/Smartphones/MP3 Players/Notebooks (TRRS)	✓
Supported Operating Systems	Windows, macOS, Linux
PlayStation 5	✓
Xbox Series S/X	✓**

Package Contents
