Description

The Conceptronic PARRIS03B is a Bluetooth 5.4 stereo headset built as a versatile multimedia companion — wirelessly pairs with phones, laptops, or PCs for clear, high-quality audio across music, calls, and meetings.

Comfortable ear pads and an adjustable headband make it suitable for full-day wear. The foldable design tucks into a bag for travel without taking up space. Dual-device connection covers phone and PC simultaneously, with full A2DP / AVRCP / HFP / HSP profile support for compatibility across all major platforms.

25 hours of talk time or 30 hours of music playback per charge. Built-in microphone handles hands-free voice calls, and a 3.5 mm AUX port adds an optional wired connection when Bluetooth isn't available. Finished in black for the office and the commute alike.
