

Fast charge powerbank: 20,000 mAh, 2 USBs

SKU: TTBB20000FASTK

20,000 mAh charger with two 2.1A USB outputs equipped with Intelligent Charge technology, Micro USB input

SMARTPHONES AND MORE

Perfect for owners of Android or iPhone smartphones, the 20,000 mAh **power bank** allows you to charge two devices at time. A mobile phone and a tablet or an earphone and a wireless headset: this charger is ideal for those who want their devices to always be charged.

DOUBLE CHARGING

This powerbank is equipped with **two 2.1A USB outputs** through which it is possible to power two devices at a time. Take the charger with you in your car, office or on a plane, with no limits on charging your smartphone or small devices such as eBook readers, bases and twin earphones. Thanks to its 20,000 mAh capacity, this powerbank can charge **your smartphone up to 8 times**. *

FAST AND SAFE CHARGING: HERE'S HOW

Use only one USB output to rapidly charge your smartphone without short-circuiting and overloading. Thanks to **Intelligent Charge** technology, your mobile phone battery will be charged by 50% in just 30 minutes.

HOW TO CHARGE THE POWERBANK

The **4 status LEDs** allow you to always keep your powerbank's charge level under control. Charge it with the **Micro USB cable** included in the package.

CHARACTERISTICS

Capacity: 20,000 mAh

Intelligent Charge

Smartphone charging time using the USB Intelligent Charge output: 50% in 30 minutes *

Two USB 2.1A outputs

Charging cable included in the package

4 status LEDs

* The values shown refer to a smartphone with a 2500 mah battery with a 20% residual battery, and on stand-by; charging performance is significantly reduced when the phone is on and in use. The number of charges may vary based on the phone model being charged.

** Charging times are indicative and depend on the battery capacity of the device being charged.

Fast charge powerbank: 20,000 mAh, 2 USBs
SKU: TTBB20000FASTK

Details

EAN: 8018417293948
Included accessories: Charging cable
Recharging cable: USB/Micro-USB
Input: 5VDC/2.1A
Output: 5VDC - 2.1A max
Battery: Lithium polymer battery
Battery capacity: 20000 mAh
Technology: Intelligent Charge
