

Art No. PL0008

500Mbps Powerline Ethernet Mini Adapter, Duo Pack

HD entertainment and fast home network in one: with speeds of 500 Mbps, the Powerline PL0008 is powerful enough to transmit even 3D movies to every room of your home. Without routing cables or WLAN picture stutter - simply over the electrical wiring. Connect computers, laptops, game consoles as well as Internet TVs and hard drive recorders to each other and to the Internet. The first powerline adapter of the latest generation is fully compatible with all 200 AV adapters, is extremely energy saving and, thanks to its flat, inconspicuous design, can be positioned anywhere.

Features:

- IEEE1901 and HomePlug AV Compliant
- Co-existence with HomePlug 1.01
- High transfer rate of up to 500 Mbps
- For all types of bandwidth-intensive transmission
- High Definition (HD) and Standard Definition (SD) video distribution
- Internet Protocol Television (IPTV) distribution
- Home networking backbone for Wi-Fi, and Wireless USB
- High speed broadband sharing
- Audio and video streaming and internet downloading
- PC files and applications sharing
- Printer and peripheral sharing
- Network and interactive online gaming
- Security cameras
- Supports low power "Standby" mode for 2013 EuP Standard
- Full compatibility with all 200 and 500 HomePlug AV adapters
