X-908 Infini2 – next level Infinity-Mirror

The RGB illuminated infinity mirror in the front of the case with several effects, RGB LED-strip on the PSU tunnel and three serial 120mm RGB fans make the X-908 a real eye catcher. The front made of tempered glass and the side part made of 4mm thick tempered glass give a generous insight on strong effects and colors, which can be managed by a switch on the front or via the 5V RGB header connection (addressable RGB LEDs). Plenty of space for additional fans, water cooling and hard drives can be found in the spacious interior of the X-908 Infini2.

In the top of the case you can find a removable dust filter and the controls. In addition to two USB 3.0 type A, two USB 3.0 type C ports and HD audio jacks, there are two separate switches for controlling the fan speed. A dust filter in the power supply tunnel and silent blocks, on which the power supply is stored, allow a quiet and clean operation. The X-908 Infini2 leaves nothing to be desired with a removable hard disk mounting frame, a holder for long graphics cards, the included RGB sync cable and a wide range of cable laying options.

✓Front panel made of tempered glass with RGB Infinity-Mirror
✓Window side panel made of 4mm thick tempered glass
✓Three 120mm RGB fans and RGB LED-strip
✓3pin RGB header connector for 5V RGB motherboard control

Specifications

Motherboard	eATX, ATX, µATX, ITX
Max. Drive Bays	5.25" external: 0
	3.5" external: 0
	3.5" internal: 3*
	2.5" internal: 6*
Front Connectors	USB 3.0: 2
	USB 3.0 Type C: 2
	Microphone: 1
	Speaker: 1
Cooling System	Front: 3x 120mm (optional)
	Rear: 1x 120mm (serial, RGB, 3pin-connector)
	Top: 3x 120mm or 2x 140mm (2x 120mm serial, RGB, 3pin-connector)
Max CPU-Cooler height	160mm
Max Graphic card length	420mm
Packing Units	Shipping unit: 1 pcs
	Packing unit: 12 pcs
Warranty	24 Months
Article Number	88881240
EAN-Code	4260455644556
Scope of Delivery	Screw set
	RGB sync cable
	Adapter USB 3.0 to USB 2.0, intern
	Graphics cards bracket
	Manual (German)
Features	Front panel with Infinity-Mirror-Effect made of tempered glass
	Window side panel made of 4mm thick tempered glass
	Integrated RGB LED-Strip on the PSU tunnel
	3x 120mm serial RGB fans in the top and rear
	RGB-/PWM-board for up to 5 RGB-devices (in combination with mainboard with PWM function up to 5 fans with 3pin-connector)
	3pin RGB header connector for 5V RGB motherboard control
	Two separate controllers for once 2 fans and once 1 fan with 3pin connection for speed control
	Two 3.5" mounting options underneath the mainboard tray with separated airflow
	Two SSD-mounting options on the rear of the mainboard tray
	Option to mount liquid coolers in 120mm, 240mm, 280mm and 360mm
	Easy removable dust filters in the cap and the bottom
	Decoupled PSU mounting in separated tunnel at the bottom
	Cage with high quality silk touch coating
	Cable management
	USB Type C internally as USB 3.0 connector
	Stands
