

DI41-7

45CM Fully integrated Dishwasher with
Finger-friendly St\steel door and handle
AAA Rated

EAN13: 8017709112479

- [energy saving](#)
- 10 Place settings
- 5 Programmes
- 4 Temperatures (45° 55° 65° 70°)

4 BUTTONS:

- On\Off
- Delay timer 9h
- Selector for multi action tablets
- Programme selector

LIGHTS:

- Salt
- Rinse aid
- Shuttle system
- Total aquastop
- Condensor drying
- Concealed heating element
- Maximum plate diameter: 30cm
- Average wash time approximately 100 mins
- Adjustable water softner
- Self balancing door hinges
- Easyglide St\steel baskets
- St\steel filter
- Aquatest
- Eco programme EN50242
- Water: 13 litres
- Energy: 1.01 kWh
- Energy efficiency A
- Washing performance A
- Drying performance A
- Noise level 46 dB (A) re 1 pW
- Nominal power: 2.20 kW

NB: This model replaces the DI41

FUNCTIONS

Smeg (UK) Limited

Fax +44 870 9909337

Aquatest:

An electronic infrared sensor measures the clarity of the incoming water from the tank. At pre-determined intervals the electronic board decides whether to continue with the pre-wash cycle or to move on to heat the water for the wash programme. Dishwashers with the Aquatest feature are able to keep consumption of water and energy to a minimum, depending on the degree of dirt on the dishes.

Energy Efficiency:

The Energy Saving Trust has been set up to monitor companies, and register models that fully comply with the strict parameters set out by the Energy Efficiency Endorsement Scheme. Only AAA rated appliances can be registered with the scheme, and display the logo (shown on the left). For further information go to <http://www.est.org.uk/myhome/efficientproducts/>

Finger-friendly stainless steel:

A special coating is applied to the stainless steel on vulnerable parts of the dishwasher, keeping the finish in a pristine condition. Currently available on the DF614SF and DF410SF with other models to follow.
