Premium Care - Advanced Support from Real People. Real Fast.

REAL PERSON
Choose how you want to reach us - through the phone, chat or email - our expert technicians will take care of you.

REAL FAST
Highly trained technicians will provide you real-time solutions, whatever the issue, on your first contact. If needed, our team will schedule an onsite visit for the next business day.

HASSLE FREE
'Getting started' and 'how-to' assistance for hardware and software. Easy solutions that are simple to reach - that's how Premium Care delivers you the ideal support experience.

PC HEALTH CHECK
Free annual PC Health Check that allows our experts to spot issues before you do so they can resolve them quickly and help you avoid PC problems.

Accidental Damage Protection - Protection of your PC from the unexpected.

Experience shows that a significant portion of devices may be damaged (and not covered under warranty) in the first three years. Lenovo's Accidental Damage Protection service covers accidents beyond the system warranty such as drops, spills, bumps and even electrical surges. Make sure your new device has maximum protection, avoid unplanned costs and get peace of mind.

Base Warranty – Included with the systems you purchase, default 1- or 3-year coverage window.

Warranty Extensions & Upgrades – Service and protection that's right for your circumstances.

- Pick Up & Return Courier
- Onsite Support
- Technician Installed Customer
- Replaceable Unit Service
- International Warranty Upgrade

Note:
[1] IPS (in-plane switching) technology may refer to IPS, PLS, ADS, AHVA, AAS.
[2] Glove-and-wet touch support
[3] The system dimensions may vary depending on configurations.
[4] The system weight is approximate and based on results in Lenovo lab, which varies depending on the source of component, variance of the distribution of each component, and manufacturing process. It may not be the exact weight for each specific model.
[5] For latest operating system and security patches deliver plan, please visit https://support.lenovo.com/solutions/ht501098.
[6] Lenovo ThinkTab X11 Gen 1 is designed and positioned as a data-only tablet and does not support traditional voice calling functionality. Messaging services such as Short Message Service(SMS) and Multimedia Message Service(MMS) depend on the capabilities of the mobile network and carrier-supported services, such as IP Multimedia Subsystem(IMS). As a result, availability, performance and reliability of such services may vary by carrier and network environment, and intermittent delays or failures in sending or receiving messages may occur. These characteristics are inherent to the product's design and intended use, and should be considered when selecting and using the device.
[7] The card slot is positioned beneath the removable battery cover.
