## Highlights

- **Weatherproof**
  electrical components are designed to withstand humidity and moisture
- **Motor power**
  500 watts
- **Range**
  Up to 50 km*
- **Speedlevels**
  4 levels selectable
- **Tyres**
  10" pneumatic gel tyres
- **Brake system**
  Front and rear disc brakes, electric brakes
- **Loadable**
  up to 120 kg
- **Display**
  LCD
- **speed**
  up to 25 km/h

**BE COOL Hi10 - the long-distance specialist**

Discover the ultimate freedom on two wheels with our innovative next-generation e-scooter! With an impressive motor power of 500 watts and a maximum range of 50 kilometres*, this scooter is the perfect companion for your daily adventures.

The powerful 15 Ah, 48 V lithium-ion battery with 720 Wh offers outstanding energy efficiency, to guarantee you an uninterrupted ride. Thanks to the energy recovery system and the electric brake, you will not only experience a smooth ride, but also maximum safety.

With 4 speed levels and a maximum speed of 25 km/h, the scooter adapts effortlessly to your riding style. The 10-inch pneumatic gel tyres ensure reliable traction, while the LED front and rear lights and indicators guarantee your safety on the road.

The scooter not only impresses with its technology, but also with its convenience: an LCD display keeps you constantly informed about the speed and battery status, while the bell and app function offer additional convenience.

With a maximum load capacity of 120 kg and a climbing ability of 15%, our e-scooter effortlessly masters various challenges in urban terrain. The charging time of just 7-8 hours allows you to set off again quickly and enjoy the city to the full.

Experience the future of mobility - experience our e-scooter! Rediscover the city and make your daily journeys comfortable, environmentally friendly and stylish!

**Bright display and headlights at any time of day**

The bright LCD display provides information about the battery status and speed.

You can adjust everything using the button control. Whether this is the speed level or the LED light.

## Weatherproof

Rain or shine, your journey remains unaffected. Our e-scooter redefines weatherproofing, with carefully optimised electrical components - from the intuitive display and precise controller to the robust battery and powerful motor. These electrical components are specially designed to withstand moisture and wet conditions, so you can travel safely and worry-free in any weather.

## Puncture-proof pneumatic gel tyres

An innovative development in the field of e-scooter tyres. This type of tyre combines the advantages of traditional pneumatic tyres and solid rubber tyres to ensure an optimum riding experience.

## 3-way braking system

The BE COOL Hi10 has a disc brake on the front and rear wheel and an electronic brake. This triple braking system increases safety many times over.

## Safety first

The BE COOL Hi10 has suspension on the rear wheel. This offers maximum riding comfort and the 10" airless tyres glide over many a bump.

The scooter is equipped with disc brakes on the front and rear wheels and an additional electronic brake.

## Scope of delivery

- E-scooter
- Charger
- NFC chip
- Screws and bolts
- Tool kit
- Instruction manual

## Warranty period

- 2 years, excluding wearing parts
- Battery: 6 months

Specifications:

- Motor power: 500 watts
- Maximum range: 50 km*
- Battery type: 15 Ah, 48 V lithium-ion
- Watt hours: 720 Wh
- Front and rear disc brake, electric brake
- Energy recovery system
- 4 speed levels
- Front and rear suspension
- Maximum speed: 25 km/h
- 10 inch pneumatic gel tyres
- LED front light, LED rear light, integrated indicators
- Gradient: 15%
- LCD display
- Bell
- App (via Bluetooth)
- Lock/unlock via NFC chip
- Maximum load capacity: 120 kg
- Weatherproof
- Protection class: IPX4 (electrical components: IPX7)
- Charging time: 7-8 hours
- Charger: Input AC 100-240V / Output DC 54.6V/2A

Dimensions:

- Product (H×W×D): 1220×540×1295 mm
- Product folded (H×W×D): 1220×540×590 mm
- Packaging (L×W×H): 1225×200×620 mm
- Net/gross weight: 22.3 kg / 28 kg

Test variables for the range:

Person: 70 kg, Weather: dry, 25 °C and no wind, continuous speed of 15 km/h, Track conditions: flat, smooth tarmac
