Highlights

ThermoProtect technology

ThermoProtect technology distributes heat evenly across the plates, preventing overheating to protect your hair.

6 temperature settings

Variable temperature settings for better control. Lower temperatures for last minute touch ups and gentle styling. Higher temperatures for long lasting results.

Auto shut-off

The styler has an automatic shut-off function for safe usage. It automatically switches off after 60 minutes.

Keratin ceramic plates

Keratin-infused ceramic plates glide smoothly through your hair, for quick and easy styling.

100mm long plates

The longer 100mm plates enable better contact with the hair to help you achieve perfect straightening results easier and in less time.

Key-lock function

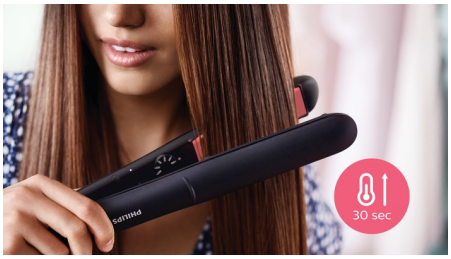

The plates can be locked together for safe and easy storage.

Temperature range

Choose between temperature range from 160°C up to 230°C to secure long-lasting result while minimizing risk of hair damage.

Fast heat-up time

The straightener has a fast heat-up time, being ready to use in 30 seconds.
