One of the most successful solutions among all Canyon PC accessories! Due to the improved LED sensor with «Blue LED» technology, this mouse works much more accurately than any other mouse of this class, and with power-saving technology, it increases the operating time by 20% using two AAA batteries. Wireless 2.4 GHz USB receiver allows you to maintain a high-quality connection without cluttering the workplace with unnecessary wires. 7 durable buttons and 3 DPI switching levels ensure optimal operating functionality. The monolithic, ergonomic right-handed design and durable UV Matt covering and Rubber Coating make the mouse a decent everyday companion.
