

## AG274UXP

27 inch (68.6 cm) LCD MONITOR

27 PC monitor with HDMI 2.1 for next generation consoles, 4K UHD and HDR600

### Superb colour experience

Dive into infinite different video games realms with graphics looking more lifelike than ever before. Our AOC monitors with a superb colour experience come with over 1 billion shades and an extremely high DCI - P3. Gamers can also easily customize the colour saturation to their preference.

### 4K

With a 4K UHD resolution of 3840 x 2160 pixels – four times the resolution of a Full HD display – the monitor boasts a pixel density that delivers brilliantly sharp images with the finest details.

### Light FX

Maximum immersion: our AOC monitors come with special lighting at the back of the device that illuminates your gaming setup in various colours. Choose whatever colour you like, sync it up with your other AOC devices and test the different glowing patterns.

### Vesa Certified DisplayHDR™ 600

The VESA HDR600 is zone-level illuminated, which means that the backlight of the monitor will bright differently divided in zones, depending on the requirements that every picture displayed on the screen needs. Those zones are called local dimming zones. Also features a peak luminance of 600 cd/m<sup>2</sup>. Video games and movies appear to be rendered life-like: deep saturation, detailed contrast and a diverse colour spectrum create an immersive atmosphere like never before. The VESA-certificate guarantees crystal-clear high-quality images.

### Low Input Lag

Unleash your reflexes by switching to the AOC Low Input Lag mode. Forget graphical frills: this mode rewires the monitor in favour of raw response time, giving the ultimate edge in hair trigger stand offs.

### Height adjustable stand

Raise or lower the screen to suit each individual's height and seating preferences. The easy-to-adjust stand ensures hours of working comfort.

### Picture by Picture (PbP)

Picture by Picture is a feature that allows you to make use of multiple sources (e.g. from your laptop and desktop PC) simultaneously and display them on the same screen. Its commanding overview gives you more control and boosts your efficiency both while streaming, working and playing considerably.

### FreeSync Premium and G-Sync Compatible

The most fluid and tear-free gaming experience, no matter what GPU you use. FreeSync Premium ensures a high refresh rate of at least 120Hz, as well as low framerate compensation for AMD graphics cards. Those who use a NVIDIA product instead can also enjoy the benefits and let their games run as smoothly as possible

### Minimal bezel distraction for the ultimate battle station

Expand your view with multiple monitor set-up. The narrow border and frameless design offer the minimal bezel distraction for the ultimate battle station.

### IPS

IPS panel ensures an excellent viewing experience with lifelike yet brilliant and accurate colours. Colours look consistent no matter from which angle you look at the display

### 144 Hz

Equip yourself with twice the frame rate of other monitors and say goodbye to image stuttering and blurry motion. With a 144Hz refresh rate every frame is rendered sharply and in smooth succession, so you can line up your shots accurately and appreciate high speed races in all their glory.

### Logo projection

While the cage draws attention to the back of the monitor, a light bar highlights the front-changing its colour depending on the game situation, it projects the Porsche Design or AGON logo dynamically on the table surface

### Speakers

Built-in speakers make it easy to catch up with family, friends and colleagues. For movies, music, games and more, you'll enjoy quality audio without the hassle of connecting external speakers.

### KVM

Share one single keyboard, mouse and monitor between multiple computers with KVM switch hardware.

### 1ms

1ms response time equals speed without the smear for an enhanced experience. Fast-moving action and dramatic transitions will be rendered smoothly without the effects of ghosting.

### Shadow Control and Game Color

Bring the battle out of the shadows with Shadow Control! Brighten dark areas or sink them back into blackness on the fly, without affecting the rest of the display.

### Quick switch

Changing your monitor settings while playing against others seemed like an impossible task if you wanted to win. Don't miss out on a flawless victory because you changed your settings midgame. Thanks to the AGON Quick Switch you can save your preferred monitor settings and switch between them with one simple click.

### HDMI 2.1

The latest standard in HTMI technology further boosts higher refresh rates and resolution. This not only opens new doors for watching content, but also for gamers: HDMI 2.1 enables next generation consoles to reach their maximum performance.

### Screen Shield

The built-in AOC Screen Shield eliminates shadows and glare from external light sources for optimal visibility of your in-game action.

General	
Model name	AG274UXP
EAN	4038986120029
Product Line	AOC Gaming
Series	AGON4
Channel	B2C
Classification	Superhero
Section	Consumer, Gaming
Gaming style	MMORPG, Action, RTS, Beat 'm up, Racing
AGON	✓
Continent	Europe

Screen	
Resolution	3840x2160
Refresh rate	144Hz
HDR	Vesa Certified DisplayHDR™ 600
Screen size (inch)	27 inch
Screen size (cm)	68.6 cm
Flat / Curved	Flat
Backlight	WLED
Panel Type	NanoIPS
Aspect ratio	16:9
Display Colours	1.07 Billion
Panel Colour in Bits	10
sRGB Coverage (%) (CIE 1931)	133
Scanning Frequency	V: 48-144Hz(HDMI, DP) / 48-120Hz(USB C) - H: 30k-255kHz
Response time (GtG)	1 ms
Contrast (static)	1000:1
Contrast (dynamic)	80M:1
Brightness (typical)	450 cd/m <sup>2</sup>
Viewing angle (CR10)	178/178 °
Hard Glass	Antiglare
OSD languages	EN, FR , ES, PT, DE, IT, NL, SE, FI, PL ,CZ, RU, KR, CN (T), CN (S), JP

Exterior	
Monitor colour	Black Red
Bezel Type	Frameless
Removable Stand	✓

Ergonomics	
Vesa Wallmount	100x100
Tilt	-3/21 °
Swivel	-20/20 °
Pivot	✓
Height Adjust Amount	120mm

## Multimedia

Audio Input	Microphone in
Built-in Speakers	5 W x 2 + DTS
Audio output	Headphone out (3.5mm)

## Connectivity and Multimedia

Signal Input	USB-C (DP Alt Mode), HDMI 2.1 x 2, DisplayPort 1.4 (DSC) x 1
USB-C Features	DP alt mode, Data Transfer (USB upstream), Power Delivery 65W
USB input	USB 3.1(Gen2) x 4
