*** FS305-E is designed for maximum space utilization. In order to fit five 3.5" drive bays into the space of three 5.25" bays, the sides are designed flat with no cutouts to fit between 5.25" bays with protruding lip or brackets. Therefore, please make sure your case has 5.25" bays that are also flat on the inside with no protrusions. If not, please consider using FS303 or FS304 instead.

Fits into 3 x 5.25" device bays

Support up to SAS 12G / SATA 6Gbit/s devices

Supports hot-swap function
