

WALKER 20

Colour:	steel-navy
Article ID:	3810617-3130
Weight:	640 g
Volume:	20 litres
Size:	48 / 28 / 21 (H x W x D) cm
MSRP:	69,95 €

Out and about in style! The urban companions in three sizes and three colours also stand out through perfect functionality: well-designed side pockets, organisers and security compartments offer ample space for drinking bottle, mobile phone, tablet, laptop, books and snacks – and they keep everything neat and tidy and easy to carry around.

HIGHLIGHTS OF WALKER 20

Airstripes System

A bike pack always has to sit secure and snug on your back – even on the roughest rides. Our unique Airstripes System takes care of that and offers effective ventilation. It consists of two contoured, air-channelled foam profiles that are covered with a highly breathable Wide AirMesh lining. The reduced contact surface results in an optimized fresh air circulation. Also, the pack's load is kept close to the body and thus won't throw the rider off balance.

Pockets on the outside

stretch pockets on the side and in the front provide additional storage space

Sternum Strap

The sternum strap stabilizes the pack on the shoulders.

Valuables Pocket

special pocket on the inside of the pack to keep valuable items safe

Compartment for documents

special compartment for travel documents

Organizer Pocket

organizer pocket to store pens, cell phones etc.

SUITABLE FOR

Hiking

City

School / University

Travelling

Business

BACK SYSTEM: AIRSTripES SYSTEM DAYPACK

- 1 **OUTSTANDING AIR CIRCULATION**
means less sweating: Two air channeled foam strips and an air mesh cover ensure as little back contact as possible.
- 2 **FITS LIKE A GLOVE**
through ergonomically cut S-shape shoulder straps.
- 3 **ADDITIONAL STABILITY FOR HEAVY LOADS**
provides a detachable waist belt. (Step Out 22, Walker 24, Graduate)
- 4 **HIGH CARRYING COMFORT**
guarantees the bilaminate construction made from one soft and one firm layer of foam.

MATERIAL

600D PES Ripstop

We use this material in two different strengths – the 600D Ripstop Polyester is a more robust version of the Super Polytex, and the 225D Ripstop Polytex it's finer variation. Both materials feature a PU coating with a water protection of 2.000mm WS.
