Highlights

Quick and Easy

Get your favourite wake-up beverage quickly and easily every morning, with this powerful kettle.

1.7 L capacity

With a 1.7 litre capacity, this kettle is suitable for the whole family. Even with its large capacity, its compact design takes up minimal space on your countertop.

Water level with cup indicator

The handy water level indicators, including one-cup indicator, make sure that you only boil the amount of water that you need, saving both

energy and water and helping to contribute to a better environment.

Flat heating element

Concealed stainless steel heating element enables fast boiling and easy cleaning.

Pilot light

Elegant indicator light incorporated on the power switch illuminates when the kettle is turned on.

Anti-limescale filter

The removable anti-limescale filter ensures the water you pour into your cup is clean

Auto switch-off

The automatic switch-off function turns off the kettle when the water is ready or when the kettle is lifted from the base.

Cordless + 360° pirouette base

The cordless kettle sits precisely on a 360° pirouette base for easy lifting and seamless replacing.

Recyclable and Durable

Sustainably designed using 100% Bio-based plastics** to reduce its CO2 footprint by 25%*. This breakthrough material is sure to have a big impact on your kitchen while supporting a more positive outcome for the environment.
