- Built-in running RGB light
- Ambidextrous light-weight design
- Weight: 125 g.
- Mouse size: 117*64*38 mm

Item ID: 160398

No other sword compares to Tyrfing. It will never rust, never miss a stroke and it will cut through stone and metal as easily as it cuts through fabric. But evil dwells within the mighty sword. Wield Tyrfing and you will be all-powerful but only dedicated games will be able to control Tyrfing - will you?

USP

- High-quality optical 10,000 DPI PixArt® 3325 sensor
- Market leading Omron Switches (20 mill. click)
- Macro programmable via software
- Full 5-zone RGB light (design yourself)
- Polling rate: 1000 hz & IPS: 100
- Weight: 120 g.
- Mouse size: 123*71*41 mm

Item ID: 160399

Forged by the dwarfs in the mythical world of Svartalfheim, Mjolnir may be the most formidable and powerful weapon ever created. It is a magical weapon, and in the hand of a gamer it can banish the forces of chaos and evil. When thrown, it will always strike and it will always return to its owner.

USP

- High-quality optical 12,000 DPI PixArt® 3360 sensor
- Market leading Omron Switches (20 mill. click)
- Macro programmable via software
- Full 7-zone RGB light (design yourself)
- Polling rate: 1000hz & IPS: 250
