

Homeowner Quick Start Guide

Wiser

Drayton

by **Schneider** Electric

1 Install

Install the Wiser Heat Hub^R according to the INSTALLATION Guide.

This must be completed before registering an account.

Note: If this has been completed by your installer, then move to the next step.

2 Download

Download the app for your smartphone by searching “Wiser Heat”.

Open the app and select “Setup / Create Account”.

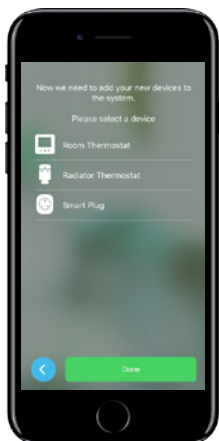

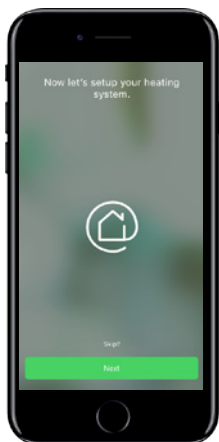

Note: Screens shown in this guide may vary from those displayed in different Wiser Heat app versions.

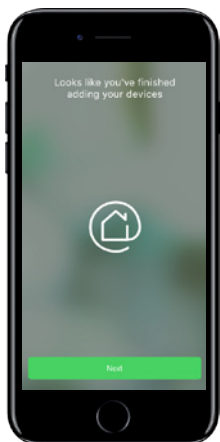

3 Set up your heating system

Note: If this has been completed by your installer, then move to the next step by pressing skip.

Follow
onscreen
instructions

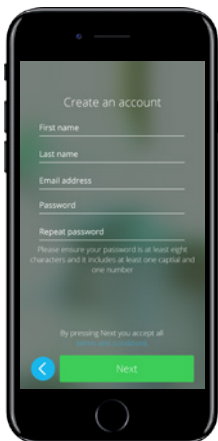

4 Connect and Create Account

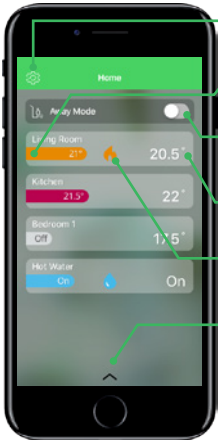

Connect to
your home
Wi-Fi

Create a Wiser
account
