

CONGRATULATIONS, WARRIOR!

You're now the proud owner of the ROCCAT™ KONE PURE CAMO CHARGE – Core Performance Gaming Mouse. With legendary Kone blood pumping through its veins, the Kone Pure Camo Charge delivers a powerful Next Gen combo of core essentials every skirmisher needs to rack up victory after victory. It's powered by a killer performance package loaded with the latest Pro-Optic (R4) optical sensor and a mighty 32-bit Turbo Core V2 72MHz ARM MCU processor – all working in perfect harmony to deliver unrivaled battle performance. Add to that a wealth of ergonomic features designed for long-play comfort and a suite of the world's most advanced gaming software for max customization and it's easy to see why the Pure Camo Charge is good enough to be called a Kone.

Pro-Optic Sensor (R4)

The Pro-Optic (R4) sensor with DPI adjustable up to 5000dpi offers superb tracking, transmitting even the fastest of mouse movements with no lag, for incredible precision and gaming control. With a 1000Hz polling rate and optical scanning, accurate up to 20G acceleration, the sensor reacts precisely to your mouse pad, further improving tracking. The DCU (Distance Control Unit) lets you adjust lift-off distance, maximizing your command capabilities.

Easy-Shift[+]™ & ROCCAT™ Driver

The Kone Pure Camo Charge features world famous Easy-Shift[+]™ technology, which lets you set two functions for each mouse button and the scroll wheel – giving you the power to pack a massive amount of quickly-accessible control into a clean, uncluttered space. And the included ROCCAT™ Driver software lets you easily program and fine tune a multitude of settings – and gives you sound feedback with most changes – so you can game exactly how you like.

16.8 Million-Color Lighting System

The Kone Pure Camo Charge is more than just a gaming mouse: It's a fully-customizable atmosphere booster that adds to the mood of every gaming session. That's because it boasts a large rear ROCCAT™ logo that you can illuminate in your choice of 16.8 million vibrant colors. You can even program the logo to “breathe” or rotate in your choice of shades – eye-catching effects that enhance your gaming experience and look excellent with your other ROCCAT™ gear.

ROCCAT™ EASY-SHIFT[+]™ TECHNOLOGY

GREATLY INCREASE YOUR MOUSE FUNCTIONS

Ingenious Easy-Shift[+]™ technology lets you assign two functions to each of your mouse buttons and the scroll wheel – putting a huge amount of easily-wielded power right at your fingertips. The Kone Pure Camo Charge's Easy-Shift[+]™ button works just like the shift key on a keyboard. Simply hold it down and simultaneously press one of the other mouse buttons – or the scroll wheel (including up and down) – and you execute a second function. This incredibly handy feature increases the number of available functions from 9 to 16.

GET EVEN MORE MACRO MIGHT

Easy-Shift[+]™ also lets you control powerful driver functions right from your mouse – giving you quick control over things like your multimedia options. For example, you can launch your media player, switch music tracks and adjust volume – all with the simple press of a mouse button or scroll of your mouse wheel. With the Kone Pure Camo Charge, flawless ergonomics and maximum functionality coexist in perfect harmony.

Use the **Easy-Shift[+]™** button (#5) to access 2nd level functions on all other mouse buttons and wheel.

This way you can **duplicate** the number of buttons by assigning **two functions** to each one.

Easy-Shift[+]™ WoW:

5 + 1 = Mount up

5 + 2 = Dismount

5 + 3 = Autorun

5 + 4 = Use trinket

5 + 6 = Your macro #1
