Product Images

Short Description

- **Resolution & Performance:** Delivers smooth, lag-free 1080p @ 60Hz video via dedicated 5GHz wireless technology.
- **Transmission & Distance:** Powerful wireless range up to 30m with no apps, drivers, or internet connection required for setup.
- **Connectivity & KVM:** Plug-and-play compatibility with any USB-C device supporting DP Alt Mode or Thunderbolt 3/4.
- **Power Features:** Integrated USB Power Delivery (PD 3.0) supports up to 100W fast charging for the connected laptop or tablet.
- **Design & Build:** Perfect for travel and meetings; supports both screen mirroring and extended display modes for maximum productivity.

Description

The Conceptronic ATHERIC01B revolutionizes how you share content from modern USB-C devices. This wireless kit allows you to stream 1080p video from your laptop, tablet, or smartphone to any HDMI display without messy cables or Wi-Fi configurations. Powered by 5GHz technology, it ensures a smooth 60Hz feed up to 30 meters. Best of all, the transmitter supports 100W Power Delivery, charging your device at high speed while you present or enjoy entertainment.
