

Performance A+ Series

Multi-Socket CPU Cooler M704

The M704 expands the Performance A+ series with CPU coolers. Like the power supplies, this cooler is completely black with a red fan. The M704 has four extremely powerful heat pipes, also black, which enable a cooling capacity of up to 200W. The red 120mm PWM fan completes the CPU cooler, which, with its design and specifications, is particularly suitable for gaming systems with powerful multi-core processors. Thanks to its multi-socket design, the cooler can be used on all current AMD and Intel sockets.

Product Features

- Elegant black design
- Quiet, fluid-bearing 120mm PWM fan
- Four black 6mm copper heat pipes for maximum heat dissipation
- Fin design ensures efficient cooling of the CPU and all surrounding components
- Fan can be mounted on either side of the heat sink
- Suitable for all common AMD & INTEL sockets

Technical Data

Sockets	AM5/AM4 LGA 1954/1851/1150/1151/1155/1156/1700/1200
CPU max. Watt	200W
Fan Size	120 x 120 x 25mm
Fan Speed	800 - 1800 $\pm$ 10% RPM
Air Flow	74 CFM
Fan Control	PWM
Noise Level	18.0 - 32.5 dB (A)
Thermal Paste	✓
Dimensions (H/W/D)	158x 120x 75mm
Weight	619g

Logistical Data

Manufacturer Number	M704
Item Number	XC051
EAN Barcode	4044953501340
