

Wired mouse M-5

Meet the M-5 Wired Mouse, a no-nonsense tool designed to get the job done with precision and simplicity in every click. With its symmetrical shape, it's perfect for left-handers, right-handers, or anyone who just wants a comfortable grip. Convenience never looked (or felt) this good before.

Featuring 1200 DPI sensitivity, the M-5 provides smooth and accurate tracking for everyday tasks like browsing or light gaming. Its three intuitive buttons (left, right, and scroll) deliver straightforward functionality without the extra fixings. It's a mouse that's crafted for you to do what you need with no distractions.

Built from durable ABS material and tested for an impressive 3 million clicks, the M-5 is prepared for heavy use. The 1.5m cable will give you plenty of freedom to set up your workspace just the way you like it, while the lightweight design (just 95g) ensures effortless handling throughout long hours of work or play. For those who appreciate practicality and performance, the M-5 Wired Mouse is the perfect choice. Simple, durable, and reliable... it's everything a mouse should be.
