

Make It Yours.

MAKE OF IT WHAT YOU WILL

FEATURES

Cooler Master Riser Cable PCIe 4.0 Included -

Ultra durable and backwards compatible, the included PCIe 4.0 riser cable allows for connectivity between the latest hardware as well as data transmission at greater efficiency and higher speeds.

Effortlessly Showcase Your Graphics Card -

Upgrade the visual design of your chassis and bring the best out of your components by showing off your GPU with the Vertical Graphics Card Holder Kit V3.

ATX & m-ATX Compatibility -

Supporting three slot GPUs and designed with both ATX and m-ATX builders in mind, the Vertical Graphics Card Holder Kit V3 allows for unprecedented compatibility with almost all cases and the latest GPUs available on the market.

Tool-less, Instantly Adjustable Design -

The modular design accommodates graphics cards of all sizes and supports various RAM and motherboard layouts. The GPU panel is completely removable for greater ease of installation, and can be toollessly adjusted in two directions: up to 65mm towards the front panel, as well as up to 30mm towards the side panel for greater compatibility and flexibility during use.

Premium Materials, 42% Increased Durability -

Premium, thick, SGCC steel provides reliable support for even with the largest and heaviest GPUs, eliminating possibilities of sagging or deformation.

Intuitive Installation Process -

The modular design of the Vertical Graphics Card Holder Kit V3 allows GPUs to be placed in the system after the holder has been fixed in a preferred layout. Installation process is thus more intuitive and simplified, especially in tight M-ATX builds.

Less Tools, More Flexibility

Give your chassis an instant makeover with Cooler Master's Vertical Graphics Card Holder Kit V3! Supporting cases ranging in size from Micro-ATX to ATX, this remastered design allows unprecedented compatibility with various builds and setups. A PCIe 4.0 riser cable is included to assist the installation process and ensure high efficiency at uncompromised speeds. The bi-directional GPU bracket can be toollessly adjusted up to 65mm towards the front panel, as well as up to 30mm towards the side panel for greater components compatibility and flexibility during use.

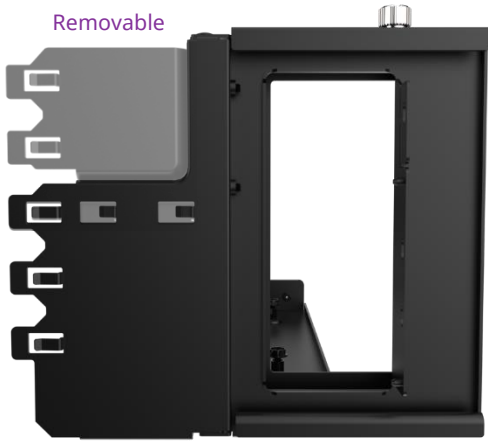

SPECIFICATIONS & PACKING INFORMATION

Product Name		Vertical Graphics Card Holder Kit V3
Product Number		MCA-U000R-KFVK03
Available Color		Black / Gray
Dimensions (L x W x H)	GFX Holder kit	249x148.1x141.8mm (close size) 305x178.1x141.8mm (open size)
	Riser cable	165mm (6.49in)
Supported Chassis Type		E-ATX, ATX, Micro ATX (may interfere with component installation on the rear panel. Max. CPU cooler height limited to 70mm.)
Supported GPU Type		Any length, up to 3 slots wide
Riser Cable Model		Riser Cable PCIe 4.0 x16
Compatibility		PCIe 4.0 and older
CE Certifications Number		BKC210933AC
PCB / Wire UL Numbers		E1895721/E252840
Component Materials		PCBA, Tinned Copper Wire 30 AWG
Insulation Materials		PE, TPE
Other Materials		ABS, PP, SGCC Steel, Nickel, Gold, Brass
Connectors		PCIe x16 Male to PCIe x16 90° Female
Rated working voltage and current		DC 12V / 5A
Operating Temperature		-20° to +100° Celsius
Required PCI slots		Minimum 4 PCI slots required for mounting
Net Weight		0.81 kg
Gross Weight		1.03 kg
Warranty		1 year

EAN code	4719512127100 (global) 6928968315681 (CN)
UPC code	884102099427
Units Per Carton Box	12pcs
Carton Net weight	9.72kg
Carton Gross weight	13.6kg
Retail Box dimension (L x W x H)	168x144x265mm
Carton dimension (L x W x H)	455x352x568mm

Cont.	W/ Pallet	Carton/ Pallet	W/O Pallet
