# Video Doorbell HD

2nd Generation

## Know before they knock.

Video Doorbell protects your front door with clear 1080p HD resolution. Receive notifications when motion is detected and live stream from your smart device. Speak to visitors with 2-Way Audio from your phone or use pre-recorded quick reply messages. Or trigger the Integrated Siren automatically or manually from the Arlo Secure App to ward off intruders. See who's at the door during the day or in low light with Night Vision, and a person from head to toe or a package on the ground.

### Full High Definition

Capture clear video in 1080p full high definition.

### More Ways to Answer

Never miss a visitor with clear 2-Way Audio and live video, or respond with pre-recorded quick reply messages.[1]

### See More at Your Front Door

See a person from head to toe or a package on the ground with an optimized viewing angle.

### Multiple Powering Options

Install without wires using the rechargeable battery, or hardwire to existing wiring for continuous power.

### Security in the Palm of Your Hand

Receive notifications when motion is detected and watch live streaming video from your smartphone or tablet.

### Night Vision

See who's at your door at night, even without a light.

### Integrated Siren

Trigger your siren automatically or manually from the Arlo Secure App.

### Weather Resistant

Certified to withstand heat, cold, rain, or sun.
