Outputting!

Fits into a 5.25" bay and offers space for one 3.5" SATA/SAS HDD. Thanks to the innovative eject mechanism, even new hard disks with irregular backs can be ejected without any problems.

Safety is taken care of

The hard disk slot can be locked and the installation/exchange is fast and uncomplicated due to the trayless design.

Rest

Depending on whether the HDD is to be used or not, the hard disk can be switched on or off without making any major changes to the hardware.
