

ProArt CaliContrO MCA02

From Calibration to Creation – 3-in-1 Colorimeter

The versatile ProArt CaliContrO MCA02 three-in-one colorimeter works with ASUS-exclusive apps for hardware and software calibration of compatible ProArt Displays. It can be connected to a compatible monitor to provide direct access to the On-Screen Display (OSD) for quick adjustments, and it supports vibration feedback. The colorimeter offers instant and precise control for Adobe apps and other applications by enabling shortcuts. Customized shortcuts enable users to zoom in and out of images or quickly adjust brush size by simply turning the built-in ASUS Dial. The default interface can even be tailored to suit specific work styles.

Lens	Luminance Measurement : 10000 cd/m ²
OS	Windows 11 or later / macOS 12 or later
Interface	USB-C
Accuracy	Chromaticity Accuracy : ± 0.005 x,y Luminance Accuracy : ± 5 % Under ASUS standard LCD 100 cd/m ² at 23°C ± 2°C, RH 40%
