Microphone Table Tripod | Adjustable Height | Pop Filter | 2 Holders Included | Black

General information

This Nedis® microphone table tripod enables you to mount and position your microphone in a stable way with the rubber feet. It has a adjustable height range of 194 to 230 mm. The microphone holder can be adjusted up to 180 degrees if needed to position it.

The included nylon pop filter can easily be positioned with the super flexible 360 degrees neck. It efficiently reduce or eliminate side noises and air currents to improve the recorded speech and singing quality.

The microphone table tripod can be taken with you, because it can be easily be disassembled and folded when needed.
