InLine® Qi-Plate Powerbank 8000mAh Wireless Charging Station white

Artikel 01477W

Note: On the rubberized ring is a small foil, which you should remove before startup. The rubberized ring reinforces the hold of the smartphone to be charged. This wireless charger including power bank allows you to wirelessly recharge compatible smartphones or tablets. By integrated 8000mAh lithium polymer battery, a simultaneous charging of two devices (induction + cable) as well as mobile use is easily possible. Charging a device by induction is also possible while the power bank itself is even reloaded. Also the powerbank itself can be charged wireless through another Qi plate. Specifications:

- Compatible with Qi-capable smartphones and chargers
