

Coway AIRMega 150

Compact Size with Outstanding Performance

Standing a mere 18.5 inches tall, the all-new Coway Airmega 150 may be compact, but it comes outsized with Coway's award-winning air purifying engineering.

Key Features

• Powerful 3-Stage Purification

The pre-filter, deodorization filter and Green True HEPA™ filter combine to help you breathe easier. This Coway air purifier efficiently filters various harmful sources and removes 99.999%¹ of ultra-fine particles down to 0.01 microns, which is smaller than most viruses and bacteria.

• 1,035 Square Feet of Coverage

Airmega 150 wraps every inch of a room in clean air. For rooms up to 214ft², the air is filtered in about 12.5 minutes^{***}. For rooms up to 1,035ft² the air is filtered in 60 minutes^{*}.⁵

• Triple-Filter, Green True HEPA™ Filtration

The powerful combination of a Pre-Filter, deodorization filter, and a Green True HEPA filter effectively reduces airborne odors and pollutants.

• Pollution Indicator and Auto Mode

The particle sensor constantly monitors your air quality, adjusting the airflow and purifying mode as needed—providing a new level of clean in real-time.

• Filter Replacement Indicators

Lights indicate when the filters need changing, so no need to keep track yourself.

• Cartridge Design, Batch Separation

Replace filters without worrying about dust, and move to the location of your choice before replacement.

• More Convenient Filter Care

Easy-to-remove washable pre-filter makes maintaining your unit easy. Slide out, rinse, and hang to dry.

• Designed for Life

Simple, clean and compact design tucks into any space, and works well with a variety of aesthetics.

• Easy Touch Display

You have control with the touch of a button—including fan speed, power, light on/off, and filter reset.

¹ Coway air purifiers has been proven to trap dust, pollen, dander, viruses and bacteria in the air based on KCL (Korea Conformity Laboratories) testing. They have been tested in a 30m³ size chamber according to the Korea Air Cleaning Association standard (SPS-KACA 002-132:2018 Modified) to measure the 0.01μm size of particle removal rate. It was tested on maximum fan speed in normal room temperature and humidity conditions. The performance may vary in the actual living environment of customers. Tested with Airmega Aim, 150, 160, AP-1216L, AP-1512HH, AP-1512HHS, 200M, Icon, IconS, 230, 240, 250, 250 Art, 250S, 300, 300S, 400, 400S, ProX.

⁵ The coverage area of the air purifier is based on an area where the air cleaner can make two air changes per hour (ACPH). An air change per hour translates to how many times an air purifier can clean an area, assuming the height of a ceiling to be 8 ft, in one hour. Therefore *** indicates 4.8 air changes per hour, so the unit cleans the area once every 15 minutes. ** indicates two air changes per hour, so the unit cleans the area once every 30 minutes. * indicates one air change per hour, so the unit cleans the area once every 60 minutes.

⁹ Coway Airmega and Green True HEPA™ filter standard lifespan is approximately 12 months. Airmega gauges the filter lifespan based on usage rather than time.

Compact Size with Outstanding Performance

Specifications

MSRP	138 (Smoke), 161 (Dust), 219 (Pollen)
Room Coverage⁵:	1 air changes/hr.* 1,035ft ² (96m ²) 2 air changes/hr.** 518ft ² (48 m ²) 4.8 air changes/hr.*** 214ft ² (20 m ²)
CADR (Clean Air Delivery Rate):	138 (Smoke), 161 (Dust), 219 (Pollen)
Filter:	Washable Pre-Filter, Deodorization Filter, Coway Green True HEPA™ Filter
Filter Life Expectancy:	Deodorization filter (6 Months), Green True HEPA™ (1 Year)
Air Flow Control:	Auto Mode(Airflow Speed levels 1~3)
Filter Life Indicator:	Yes
Noise Range:	19.98 ~ 48.3 dB(A)
Dimension (W x H x D):	13.4 x 18.5 x 6.5 in
Product Weight:	12.1 lbs
Power Consumption:	35W
Color	Dove White, Sage Green, Peony Pink
Asset	Seamless Photo, Lifestyle Image, Video

ABOUT COWAY

Our obsession with home health began in Korea in 1989. Today, Coway is proud to bring our award-winning products and home health expertise to the US with Coway Airmega air purifiers, Coway Bidetmega for bathrooms and Coway Aquamega water purifiers.

Since our founding, Coway has become a global leader in intensive research, engineering and innovation, amassing over 6,737 intellectual property rights in all.

The Coway R&D Center, an environmental technology research institute, has 427 researchers, developing technologies around all aspects of life. The center also serves as our environmental quality, design and cosmetics institute.

Whether researching billions of data points to document air quality, conducting hundreds of tests to create the perfect seat for every body shape, or employing twenty-three certified water sommeliers—when we say we're obsessed with health, we mean it.
