## Product features

### \* kiddy original impact shield

Nobody can really wrap their children in cotton wool but when it comes to safety in the car you can get very close indeed. Compared to other systems the upper body of the child is gently but effectively protected thanks to the kiddy original impact shield in case of an accident. The forces acting on a child from the front in a collision are dispersed by the impact shield and the risk of serious neck injuries is significantly reduced. Maximum safety that can save lives in case of an accident!

### \* Ideal for feeling good

Safety before comfort? With kiddy both is possible! In summer it is often too hot and in winter too cold. When adults are still waiting patiently for better weather, the kids are already protesting. kiddy has thought carefully about this and so the kiddy guardian pro has not only been upholstered very comfortably, but it has also been equipped with breathable thermotex material. Whether it is hot or cold, in the pleasantly tempered kiddy seat the children will be in a good mood. Should the children fall asleep, it's no problem with this child safety seat with impact cushion since the kiddy guardian pro has an extendable and elevated leg support and an adjustable reclining position. Whether awake or asleep – a kiddy seat is perfect for feeling good!

### \* kiddy Shock Absorber (KSA)

From age group 2 upwards children are secured in the child safety seat with the 3-point seat belt. This system, however, has been designed for adults and kids are exposed to high impacts. These impacts will be reduced by the recently developed kiddy shock absorber (KSA) that absorbs the energy acting on the belt by deformation. It is to be understood as a kind of crumple zone for child safety seats.

# WE LOVE OUR KIDS

You can be the best driver in the world – but an accident can happen to anyone! To guarantee the best possible protection for children in case of an accident, kiddy has been developing child safety seats for more than **30 years**. kiddy child safety seats offer the highest possible safety in accordance with the latest global technology standards. So that the kids of the best drivers will always arrive safe and comfortable, too.

## \* kiddy accessories

Make travelling by car more enjoyable for all passengers. With the kiddy accessories to help keep seats clean and the child amused travelling by car will always be comfortable and pleasant.

### \* Comfortable lateral headrests

Prevent the head tilting to the side without affecting the view.

### \* Convenient shoulder rests

Put the upper body into the correct position.

### \* One-hand adjustment of headrest and shoulderrests

enables the seat "to grow" in width and height simultaneously.

### \* High performance absorbing material

in the head and shoulder area. Guarantee the best possible side impact protection.

### \* Integrated seat belt guide

ensures a perfect fitting since the run of the belt "grows" as does your child.

### \* Adjustable reclining position

makes travelling even more comfortable (for use until 18 kg).

### \* Extendable and elevated leg support

Avoids slipping through (anti-submarine effect).

### \* Resilient fabric seat cover

easy to remove and machine washable at 30° C.

### \* Adjustable seat height

The foldable kiddy seat cushion enables the ideal seating position for the child.

### \* Approved for use on aircraft

- 1) kiddy becool** The summer cover avoids a heat accumulation on the kiddy car seat. It is made of the natural fibre „tencel“ that helps preventing from a water film advantaging the generation of germs. The cover is thus hypoallergenic and antiseptic and therefore most suitable for the sensitive skin of children. Available for: kiddy guardian pro. **Item No. 41 604 BC OGP**
- 2) kiddy clima** Seat heating and cooling air circulation in one! Because of a strong layer consisting of 95% air, the summer surface provides an optimal temperature compensation. In the cold winter time, you simply turn the kiddy clima over and your child sits on a comfortably heated surface. By plugging the connector into the car cigarette lighter, you warm up the kiddy clima to a maximum of 32° C. Fits all infant carriers and child safety seats. **Item No. 41 610 CI 025**
- 3) Ravensburger bear book** The fluffy bear's head is an invitation to have a look inside. Here you will find exciting designs that make short and long trips funny! Suitable for all impact shield car seat models which are fitted with poppers: kiddy infinity pro, kiddy comfort pro, kiddy guardian pro and kiddy energy pro. **Item No. 41 606 BB 000**
- 4) kiddy aqua paint** Painting has never been easier and more pleasant than with the kiddy aqua paint. With the water pen even the little ones can start drawing without getting dirty. The painting surface can easily be fixed and removed on the original impact shield thanks to press studs. Suitable for all impact shields which are fitted with poppers: kiddy infinity pro, kiddy comfort pro, kiddy guardian pro and kiddy energy pro. **Item No. 41 611 AP 000**
- 5) kiddy beclean** Protects your car seats against dirt even when it rains. Suitable for nearly all vehicles with headrests on the front seats. **Item No. 41 607 00 000**
