PERFORM 55

Wireless, push-to-talk retail headset built for shift work

FEATURES

READY FOR RETAIL

- Be heard clearly first time, every time with high-performance microphones that block 99% of background noise [1]
- Intuitive control buttons and quick shift setup with NFC pairing [2]
- Survives spillages and dust with an IP54 rating
- Durable by design – drop tested up to two meters
- Easy to share and sanitize between users with 70% isopropyl alcohol wipes
- Stay cool and comfortable all shift long with breathable earcups to minimize heat build-up
- Smooth and speedy shift handovers with swappable headset module

CUSTOMER-FIRST. FUTURE-PROOF.

- Works with leading push-to-talk applications
- AI ready to integrate with AI assistants for instant answers on the retail floor
- Hands-free mobility across the retail floor with instant Bluetooth® connection to mobile devices (Android and iPhone)
- Face2Face mode for seamless customer interactions (lift microphone boom arm to mute your voice and incoming audio, lower to resume)
- Discreet design with compact boom arm keeps teams approachable
- Reduce on-site IT effort with Jabra Perform Plus – deploy, maintain and secure Jabra Perform headsets across all stores with ease [3]

LEAD THE CHARGE

- Keep operations flowing with 20 hours of talk time and 50 hours of push-to-talk time
- Back in service before the associate finishes their break with the fast charge feature for 10 hours of talk time or 25 hours of push-to-talk time in just 10 minutes
- Charge 5 headsets at once with Jabra Perform 5-Bay Universal Charging Base for efficient, clutter-free charging [4]

SUSTAINABLE BY DESIGN

- TCO Certified, generation 10 – meets strict sustainability criteria across the product lifecycle, including socially responsible manufacturing, energy efficiency, and circular design
- Packaging is made from 30% recycled plastic and is recyclable. Leaflets are FSC-certified.
- Stay current, skip the upgrade with firmware updates – software updates keep headsets performing like new, eliminating unnecessary hardware replacements
- Replaceable battery – restore full battery performance with a simple battery replacement, cutting e-waste and adding years of use
- Replaceable ear cushions – replace worn cushions to keep headsets hygienic, comfortable, and in use for longer
