YOUR STAGE 61 PIANO

OVERVIEW

CLASSIC SOUND, TIMELESS DESIGN

The Rhodes Stage 61 delivers the unmistakable Rhodes tone in a sleek, compact, and gig-ready format.

Designed with the same precision engineering as the flagship MK8, the Stage 61 offers an unparalleled playing experience for musicians who demand authenticity and portability.

Featuring a 61-note custom spruce keyboard by Kluge Klaviaturen GmbH (Steinway Group), a passive volume and tone circuit, and a lightweight 59 lbs (26 kg) design, the Stage 61 is perfect for stage, studio, and home use.

With no power required, simply plug into your favorite amplifier or audio interface and play.

BUILD & DESIGN

01. PREMIUM MATERIALS

Built with a Tolexed wooden case and ABS lid, the Stage 61 is a durable, road-ready instrument. The construction ensures reliability for both touring and studio use while maintaining a classic Rhodes aesthetic.

02. MINIMALIST CONTROL PANEL

Inspired by the original Rhodes Stage models, the streamlined interface keeps controls intuitive and efficient. Volume and tone shaping are simple yet powerful, allowing for quick adjustments without unnecessary complexity.

03. TIMELESS RHODES AESTHETIC

Blending heritage with modern refinements, the Stage 61 reimagines an iconic instrument for today's musicians. The sleek black ABS hood and elegant, minimalist styling make it a standout in any setup.

FEATURES

01. ICONIC RHODES SOUND

Renowned for its unmistakable warmth and character, the Stage 61 delivers pure Rhodes tone with a passive volume and tone circuit - no power needed, just plug and play. Smooth controls shape the sound, while the jack output connects seamlessly to amps or interfaces.

02. PREMIUM KEYBED

The 61-note spruce keyboard, built by Kluge Klaviaturen GmbH (Steinway Group), offers outstanding expression and dynamic response. The precision-weighted action ensures a natural, immersive playing experience.

03. COMPACT & PORTABLE

Designed with gigging musicians in mind, the Stage 61 balances portability with professional-grade construction.

Weighing just 59 lbs (26 kg), it retains the responsive mechanics and feel of a full-scale Rhodes while remaining easy to transport.
