Wireless Headphones | Bluetooth® | In-ear | True Wireless Stereo (TWS) | Charging Case

General information

Enjoy the ultimate freedom of wireless!
These Nedis® Bluetooth headphones put an end to tangling wires and irritating ear hooks or neckbands. The only thing you need to wear are these lightweight in-ear headphones. Including ear tips in 3 different sizes to ensure a perfect fit for every user. Great news if you can’t do without your music: the silicon earbuds stay in place during any activity, even with high impact sports such as running. Moreover, you’ll be surprised by the sound quality of such small-sized headphones. Thanks to powerful resonant chambers, they provide a deep bass and crisp mid and high tones. In addition, they block out ambient noise, delivering a truly immersive sound experience.

Features

• Built-in microphone for hands-free calling
• Charging only takes 1.5 hours, providing 3 hours of wireless play time
• Storage case doubles as charger and charges headphones up to 3 times
• Battery level of storage case indicated with blue LEDs
• Bluetooth V4.1 wireless technology for a stable, interference-free connection
• Wireless range of 10 metres, providing absolute freedom to move around.
• Standby time of 110 hours
• Headphones with integrated control panel to pause/play music, and answer/cancel/ignore calls
• Low-battery LED indicator if power is less than 20%
• Headphones and charging station operate completely wireless for ultimate freedom
• Including charging cable
