

Regulus Aqua PowerVac battery-powered vacuum cleaner**Artikel-Nummer 11914****Key Features**

- Time-saving through combining the work stages of vacuuming and wiping in one device
- 24 V lithium-ion battery for flexible cleaning without restricting the distance with an inconvenient cable
- Slim design and light weight at just 3.3 kg ensure easy manoeuvrability - even in tight spaces
- Rotating microfibre rollers with up to 3000 rpm removes stains easily
- Select from two cleaning levels: Eco and Turbo-Mode
- Individually adjustable water supply at the press of a button for flexible cleaning of all sealed wooden flooring
- Two-tank system: hygienic cleaning through the separation of fresh water and dirty water
- With Tank Control Technology to prevent a full dirty water tank from overflowing
- Easy to remove water tanks for simple filling and emptying
- Flexible standing of the device thanks to the practical stand function
- Roller self-cleaning function for a constant, clean wiper result
- Long battery runtime of 22 minutes covering up to 65 m² surface

Description / Advertising text

Clean floors in no time with the cordless Regulus Aqua PowerVac battery-powered vacuum cleaner by Leifheit. It not only vacuums coarse dirt but simultaneously wipes the floor. Thanks to the 24V lithium ion battery, the device manages without the inconvenient cable and is quick to hand. With its slim, agile design and a low weight of just 3.3 kg, it is easy to manage. Two cleaning levels (eco and turbo) ensure maximum cleaning power. The rotating microfibre rollers with up to 3000 rpm remove even the stubborn dirt in no time. The water supply can be regulated independently at the press of a button - ideal for flexible cleaning of tiles, plastic and stone floors, as well as sealed wooden flooring. To ensure that the cleaning rollers always remain clean, the vacuum cleaner also has a self-cleaning system. When the dirty water tank is full, the intelligent notification system with "Tank Control Technology" notifies you. The fresh water tank and the dirty water tank are easy to remove and can be both easily filled

up and emptied. Thanks to the practical stand function, the device can be stood anywhere. Powerful battery ensures cleaning for up to 22 minutes, covering a surface of 65 m².
