

# G915 TKL

Tenkeyless LIGHTSPEED Wireless RGB Mechanical Gaming Keyboard

## PLAY THE NEXT DIMENSION

### Compact tenkeyless design

Leaves more room for mouse movements.

### LIGHTSPEED pro-grade wireless

Unrivaled ultra-fast 1 ms report rate. Connect via LIGHTSPEED USB receiver or Bluetooth® devices and switch between them with a button press.

### Dedicated media controls

Utterly refined control featuring volume roller, play, pause, skip and mute.

### Aluminum Top Case

Aircraft-grade 5052 aluminum alloy for a sophisticated look that's incredibly strong and durable.

### Enduring battery power

Game up to 40 hours on a single full charge.

### High-performance, low profile key switches

Half the height of standard key switches for unrivaled typing speed and comfort. Available with Clicky Switches for an audible click and tactile feedback; Linear for completely smooth keystrokes; Tactile with a gentle bump for some tactile feedback.

### LIGHTSYNC RGB

Advanced per-key lighting customization and animations from ~16.8 million colors.<sup>1</sup>

G915 TKL is a new class of compact wireless mechanical gaming keyboard with three selections of low-profile GL switches and pro-grade 1 ms LIGHTSPEED wireless. Capable of delivering 40 hours of non-stop gaming on a full charge. Fully customizable per-key, LIGHTSYNC RGB technology also reacts to in-game action, audio and screen color as you choose.<sup>1</sup> With a sleek, impossibly thin yet durable and sturdy design, G915 TKL brings gamers to a higher dimension of play. Dedicated volume wheel and media keys give you fast, easy control over video, audio, and streaming.
