OnPower 101

Life's too short for low battery anxiety. Meet the OnPower 101, your trusty sidekick that's always got your back (and your devices' battery). This compact powerhouse packs a 10,000mAh power capacity – that's enough energy to keep your phone, tablet, or any other USB-powered gadget running for days. It's like having a personal power plant in your pocket, minus the toxic waste and the hefty electricity bill.

But the beauty of this device is not just about its capacity; it's more about the speed. With support for QC 3.0 and PD 22.5W, the OnPower 101 charges your devices at lightning-fast speeds. There's no more waiting around like a kid on Christmas morning; your devices will be fully charged in no time.

Now, let's also talk about convenience. The built-in cable means you'll never have to worry about forgetting a charger again. Plus, the clear power display will keep you informed, so you'll never be caught off guard with a dead battery.

The OnPower 101 is the perfect companion for all kinds of users: digital nomads, frequent travelers, and those who like to stay connected. It's the perfect blend of power and portability that will have your back no matter where your adventures take you. With the OnPower 101, you're not just buying a device; you're investing in peace of mind.

AIRLINE-FRIENDLY POWER FOR YOUR TRAVELS

Designed to meet airline regulations, the OnPower 101 makes a trusty travel companion. Its compact size and high-capacity battery will keep you prepared for long flights and extended trips. Say goodbye to dead devices during layovers or red-eye flights.

OPTIMAL CAPACITY

The 10,000mAh battery is the sweet spot between portability and power. It's enough to keep your phone charged multiple times, or your tablet for a significant chunk of the day.

10,000mAh

2-WAY FAST CHARGING: POWER UP YOUR DEVICES & POWERBANK

With 2-way fast charging, the OnPower 101 can proudly wear the charging station badge. Quickly charge your devices or top up the power bank itself, and you're always ready to go.

SIMULTANEOUS CHARGING: POWER UP MULTIPLE DEVICES AT ONCE

Need to charge multiple devices at once?
Easy. The OnPower 101's multiple ports
allow you to charge your phone, tablet,
and other devices all at the same time.
Makes a perfect solution for busy mornings
or long workdays.

POWER DISPLAY

The clear power display keeps you informed about your battery level, keeping any guesswork at bay. No more surprises; always know how much power you have left.

100%
The image shows a close-up of a black power bank. At the top, two black cables are plugged in. On the front face, there is a digital display showing '100%' in white LED digits, with a green battery icon to the right. In the background, there is a large yellow graphic of a lightning bolt inside a circle, with three vertical bars below it.

TYPE C CONVENIENCE

The Type C port offers fast charging speeds and compatibility with a wide range of devices. It's the future of charging, and the OnPower 101 delivers it.

ULTRA COMPACT: POWER ON THE GO, WITHOUT THE BULK

Despite its impressive capacity,
the OnPower 101 is very compact.
Its sleek design fits easily into your
pocket or bag, making it the most
convenient travel companion.
