Exercise with elastic bands while listening to your favourite music

THE IDEAL KIT FOR YOUR DAILY EXERCISES

This kit has everything you need to train happily, listening to your favourite playlist.
In fact, it contains **3 elastic bands** with different degrees of resistance and a set of **wireless earphones** with base, so you can train in complete freedom.

ELASTIC BANDS WITH DIFFERENT DEGREES OF RESISTANCE ENABLE YOU TO TRAIN SIMPLY AND EFFECTIVELY

Each of the **3 elastic bands** has a **different level of resistance**. The grey band offers a lower degree of difficulty and stretching it will result in 2.2 to 4.5 kilograms of resistance. The fluorescent yellow strap offers medium difficulty: it is equivalent to a weight ranging from 6.8 to 9 kilograms. Lastly, the black band corresponds to a weight between 13.6 and 18 kilograms and is the one offering the greatest level of difficulty.
Included in the package is a **manual with many easy exercises** to help you train at home or in the park.

TRUE WIRELESS STEREO EARPHONES FOR LISTENING TO MUSIC WITH MAXIMUM FREEDOM OF MOVEMENT

These **earphones** are perfect for practising all kinds of sports. They are **wireless**: suitable for moving with complete freedom and with a **operating range of 10 metres** from your device. The soft silicone headband does not cause sweating and irritation and, in addition, offer maximum stability even in the event of brusque movement.
Thanks to**True Wireless Stereo technology**, the headphones automatically switch on and pair once removed from their case. With just one charge you can listen **up to 3.5 hours of music** . When the earbuds run out of power, put them back in the **charging case**: they will be **ready for use again in 1.2 hours**.
When the base goes flat too, simply connect it to a power source using the **charging cable provided**. Check the charge level on the **status LED**.
