

Wi-Fi Smart Extension Socket | 3x Schuko Type F | 4x USB | 16 A

General information

This extension socket connects directly to your Wi-Fi router giving you remote control and the ability to schedule three devices.

Its simple set up allows you to switch your devices on or off and schedule them using your smartphone. You can also take control using your voice with Amazon Alexa and Google Home.

It supports total power usage of up to 3680 W (230 V/16 A) and can be used as a standalone smart extension socket or pair it with other Nedis® SmartLife products to create your smart home.

About Nedis® SmartLife

Discover a wide and ever-expanding range of products - such as bulbs, switches, sockets, sensors, and cameras - that can all be controlled through an easy-to-use and intuitive app. With voice control features supported by Amazon Alexa and Google Home, and no need for anything more than your existing Wi-Fi network, this is the connected, smart home made simple. Whether you're looking for a single smart bulb or socket, or you want to automate your entire house, discover how accessible smart technology is today.

Features

- Simple to set up - directly connects to your Wi-Fi router
- Control or schedule the extension socket - from your smartphone
- Compatible with Amazon Alexa or Google Home - for voice control of three devices
