

SurfTab® wintron 10.1 3G

10.1" Windows tablet with Intel Inside®, 32 GB memory, 2 GB RAM and 3G

Mobile office and multimedia hub combined in our new SurfTab wintron 10.1

The wintron 10.1 is our first SurfTab that runs on Windows 8.1 with Bing. When combined with the ultra-powerful Intel processor and Office 365 Personal, it is ideal for home entertainment and office use. It's more than just an ordinary tablet: It's a world of possibility at your fingertips. Use it to share, create, integrate and have fun. Discover great apps in the Windows Store and surf the Web with the touch-optimised Internet Explorer. The fully functional USB port makes it possible to connect peripheral devices and the Microsoft account allows you to share your SurfTab, but not your data, with others.

Intel Inside

It's more than just a slogan. Look forward to the high-performance CPU, the Intel Atom Z3735F processor with a synergy of up to 1.83 GHz and 2 GB RAM. You'll soon be carried away by its consistent, uncompromisingly high performance and impressive battery life.

Build on what you know and discover something new: Windows 8.1 with Bing and Office on the SurfTab.

Windows 8.1 with Bing was completely redeveloped to place the main focus on the user. Put the functions you need most directly on your home screen to quickly access your contacts, apps, websites and much more. This way, you'll spend less time searching and more time on the things that really matter.

While others are still deciding whether to reach for their tablet or turn on their computer, you can simply pick up your wintron and get started. Thanks to Office 365 Personal¹, you can now use your SurfTab to quickly and easily complete many of the tasks you previously carried out on your computer. Whether it's writing texts, editing spreadsheets or preparing presentations, you can do it all on your SurfTab today! Only Windows allows you to open more than one document side by side – it's all thanks to a fully functional Office package, which can also be used on a second computer!

The wintron 10.1 is your mobile office on the go thanks to 32 GB of internal storage, which can be extended by up to 128 GB using a microSD(HC/XC) card, and an optional keyboard with a protective cover that can be attached to the integrated keyboard dock.

Finally, 1 TB of online storage via OneDrive² rounds out the Office offer.

Experience mobile freedom

You can enjoy mobile Internet while on the move thanks to the 3G module and a data card³. Stay online wherever and whenever you want.

Get connected!

SurfTab® wintron 10.1 3G

10.1" Windows tablet with Intel Inside®, 32 GB memory, 2 GB RAM and 3G

We extended our already generous range of interfaces for the SurfTab once again for the SurfTab wintron 10.1 to ensure that you are perfectly connected at all times and have a suitable connection for every situation. Alongside a Micro-USB host port, a microSD/microSDHC card slot, WiFi, Bluetooth® and Miracast, you will find a Micro-HDMI® and, for the first time, a fully-functioning USB 2.0 port. This way, it's easier and faster for you to connect your printers, cameras, scanners, headsets and other devices.

Visual highlights

The multi-touch interface of the wintron 10.1 impresses with quick response times and accuracy, allowing users to operate the various SurfTab functions in an intuitive and relaxed manner. The wintron 10.1 features a 10.1-inch IPS display with 1280 x 800 pixels, providing you with vivid sensory experiences, even from awkward viewing angles, and reproduces high-resolution videos in razor-sharp quality. The high-performance Intel HD Graphics GPU makes light work of the most difficult tasks and is the driving force behind your unforgettable multimedia experience.

Capture unforgettable moments

The rear camera of our wintron 10.1 features five megapixel resolution and an autofocus function to take your perfect photo. When you press the shutter button, the camera automatically focuses and captures your most amazing holiday moments in an optimal image.

The wintron is equipped with a practical two megapixel front camera for taking selfies or holding spontaneous video conferences.

Technical details

Hardware

Processor (CPU)	Quad core Intel® Atom™ Z3735F processor with up to 1.83 GHz
RAM	2 GB
Storage capacity	32 GB*
Graphic Unit (GPU)	Intel® HD Graphics
Display type	10-point capacitive multi-touch IPS display
Display size	25.7 cm (10.1")
Screen resolution	1280 x 800 Pixel
Camera	Front: 2 MP, Rear: 5 MP (auto focus)
Interface	1 x USB-A 2.0 socket, 1 x Micro-USB 2.0 host socket, Bluetooth®, camera, card reader, 1 x Micro-HDMI®, WiFi, microphone, stereo audio out, keyboard dock, 3G (Micro-SIM)
