Description

The Conceptronic PARRIS04B is a Bluetooth 6.0 kids headset designed with safety, comfort, and reliability in mind — perfect for school, travel, and home learning.

The built-in 85 dB volume limit protects developing ears, and the soft, adjustable design ensures a comfortable fit as kids grow. Up to 10 hours of wireless playtime covers car rides, study sessions, and daily activities. The integrated microphone supports online learning and video calls, while the 3.5 mm AUX port offers a dependable wired option when Bluetooth isn't available or the battery runs low.

The foldable design tucks into a school bag for easy storage. Built for kids who need safe, kid-friendly audio in a flexible design — finished in vivid blue.
