

ThinkPad L13 2-in-1 Gen 5 Intel

With powerful performance and a stunning display, this powerhouse device is designed to meet the diverse needs of on-the-go professionals. Up to Intel® U Series Core™ Ultra 7 Processor ensures lightning-fast performance, allowing professionals to crunch numbers, analyze data, and run complex applications with ease. With up to 32GB memory and 1TB SSD storage, it provides ample space to store critical documents, presentations and reports securely. The discrete TPM 2.0 adds an extra layer of security, safeguarding sensitive information against potential threats.

Built for business with cutting-edge technology

The mid-range ThinkPad L Series offers enterprise docking, enhanced security features and optional remote management capabilities.

Whether in the boardroom or outdoors, the 13.3" WUXGA multi-touch display with 100% sRGB and up to 400nits brightness provides stunning visuals, perfect for presentations and video conferences. Stay connected with Wi-Fi 6E and Thunderbolt 4, USB4, and HDMI ports, ensuring seamless communication and collaboration with teams.

With an optional fingerprint reader and IR camera, they can unlock the device securely with just a touch or a glance. The long-lasting battery life ensures uninterrupted productivity, while Wi-Fi 6E keeps professionals connected to high-speed internet networks.

Secure access effortlessly with dual authentication options – a fingerprint reader and IR camera. Combined with the discrete TPM 2.0 chip, data remains safeguarded against unauthorized access, enhancing peace of mind.

Lenovo Services
