Regulate the air flow according to your needs
- **Efficient for rooms up to 42 m²** Perfect for living rooms, bedrooms or holiday flats
- **Timer function**
Plan the operating times according to your requirements
- **WIFI control**
Operate the device conveniently via app

The mobile split air conditioning system offers you a pleasant indoor climate all year round. With a cooling capacity of 12,000 BTU, it ensures that the air in the room cools down quickly and efficiently on hot days. On cooler days, the heating function creates a cosy warmth - ideal for flexible comfort at any time of year. Suitable for rooms up to 105 m³, it is the perfect choice for living or working areas.

Its quiet operation is particularly practical: Due to the outdoor unit, the interior remains pleasantly quiet. Thanks to its mobility, you can move the unit effortlessly from one room to the next, while the simple installation requires no permanent structural changes - perfect for rented flats or temporary use.

For maximum ease of use, the device can be conveniently controlled via smartphone using the integrated WIFI function, even when travelling. Alternatively, the remote control supplied enables intuitive operation on site.

With its modern, space-saving design, the system blends seamlessly into any environment. Its high energy efficiency and multifunctionality - from cooling and heating to possible dehumidification - make it the ideal solution for creating a customised and comfortable indoor climate.

Scope of delivery

- Mobile air conditioner with outdoor unit
- Remote control
- Bracket and mounting material
- Operating instructions

Warranty period

- 2 years

Specifications:

- Cooling capacity (BTU): 12,000 BTU/h
- Heating capacity (BTU): 12,000 BTU/h
- Cooling/heating capacity: 3500 watts / 3500 watts
- Application area (non-binding): for rooms up to max. 105m³ or max. 42m²
- 5 fan speeds (turbo, high, medium, low, low noise)
- EER/COP: 5.6 / 4.0
- EU energy efficiency class (cooling/heating): A+/A+
- Air circulation: max. 440 m³/h
- Dehumidification rate: 1.2 L/h
- Noise level (inside): max. 59 dB(A)
- Noise level (outside): max. 65 dB(A)
- Refrigerant: R32
- Hose length: approx. 2m
- WIFI - Amazon Alexa & Google Assistant
- Power consumption (cooling/heating): 1200 watts / 1100 watts
- Power supply: 230 V/50 Hz
- With remote control
- Colour: white

Dimensions:

- Product indoor unit (W×H×D): 430×730×320 mm
- Product outer unit (W×H×D): 492×460×263 mm
- Packaging (W×H×D): 695×878×575 mm
- Net/gross weight: 34.5 kg / 43 kg
